Environmental Policy

ETPS Ltd's vision highlights our commitment to delivering best value services through continuous improvement and to protecting and caring for the environment. This document sets out the Policy regarding the company's own operational activities.

Our aim is to achieve the highest standards of quality and environmental performance in our work. In pursuance of this Policy every aspect of our service provision is involved and there needs to be commitment and understanding on the part of every employee.

Ensuring continual improvement in both the quality of our service provision and our overall corporate environmental performance in all operations is a major priority. ETPS Ltd will endeavour to minimise the negative environmental impact of all our activities and services throughout their lifecycle. In particular we will set and review our objectives with the aim of:

- Increasing awareness of environmental responsibilities among employees.
- Minimising waste and pollution by recycling wherever possible.
- Promoting environmental awareness among our suppliers.
- Purchasing products that are environmentally friendly.
- Increasing energy efficiency.
